

**No consideration of adverse impacts of investment decisions  
on sustainability factors**

Eurolife FFH Life Insurance Single Member Société Anonyme:

- a) currently does not take into account the potential adverse effects of investment decisions on the sustainability factors listed in Annex 1, Table 1 within Regulation (EU) 2022/1288 in the absence of sufficient available data regarding these factors for the financial instruments included in its assets portfolio as well as in what it advises its clients when providing investment and insurance advice.
- b) intends to modify its above policy in order to take into account the main adverse effects of investment decisions on sustainability factors when the data on sustainability factors under (a) become available to a sufficient extent and quality.
